communications terminal wherein a communications mechanism is configured to perform communications with a sending communications machine and a transfer communications machine, a registering mechanism configured to register an address and a communications capability of the transfer communications machine, and a controlling mechanism instructs a notifying mechanism to notify the sending communications machine of the communications capability at a beginning of communications with the sending communications machine, and instructs the communications mechanism to transfer image information received from the sending communications machine to the transfer communications machine using the address of the transfer communications machine stored in the registering mechanism, as provided by the claimed invention of the present application.

Accordingly, for at least the above-stated reasons, Applicant respectfully submits that independent claims 1, 2, 23, 24, 45, 46, and 67, and the claims depending therefrom, are patentable over the cited art, and that this application is in condition for allowance.

If a petition for an extension of time is required to make this response timely, this paper should be considered to be such a petition. The Office is hereby authorized to charge any fees that may be required in connection with this amendment and to credit any overpayment to our Deposit Account No. 03-3125.

If a telephone interview could advance the prosecution of this application, the Examiner is respectfully requested to call the undersigned attorney.

Respectfully submitted,
